Hi Tushar Sir,
I thank you and all other faculty members who have been there throughout the preparation phase. This has been a very special journey. There were lots of ups and downs. This examination was conducted for the first time and I had lots of doubts as to how do I need to prepare. That is where the guidance from you and faculty members were very helpful. The lectures and materials provided were very precise. The interview guidance sessions and mock interview helped me a lot.
I thank you and the team for turning my dream into a reality. You all are doing a great work and I hope this will continue in future as well and many more students would be able to do the same.
Thank you very much. I am grateful to you and the team for this.
